

Capture, Compile and Edit Your Versions of the D.C. United Linked Suit Use motion capture data from 22 real-life players playing a complete, high-intensity football match and bring it to life in "HyperMotion Technology." Use your own preferred view to create your own custom-tailored D.C. United Linked Suits. Based on player movements, tackles, aerial duels and on-ball actions, the exact play style and tactics of each player are captured in motion capture suits and edited into the Linked Suits that unlock new gameplay features. The D.C. United Linked Suits feature: Offensive and defensive set-ups: With the Linked Suit's set-ups mapped to your on-screen players, you are able to switch between the 'quick' and 'slow' play style of your team in real-time. The new Linked Suit gives you the flexibility to create your own tactics and play styles of your team.
